DEDICATION

To the Newmans, two wonderful, warm and compassionate people who will be missed in the years to come at Grier. The contribution which they have given to the school goes beyond the duties of faculty members and their understanding and amiability have made a lasting impact on our class. It is the privilege of the class of 1984 to dedicate the Pineneedle to Heidi and David Newman-and Eric too-.

So far away
Doesn't anybody stay in one place anymore?
It would be so fine to see your face at my door
Doesn't help to know you're just time away
Long ago I reached for you and there you stood
Seeing you again could only do me good
Oh, how I wish I could
But you're so far away
One more song about moving along the highway
Can't say much of anything that's new
If I could only work this life out my way
I'd rather spend it being close to you

But you're so far away
Doesn't anybody stay in one place anymore?
It would be so fine to see your face at my door
Doesn't help to know you're so far away
Traveling around sure gets me down and lonely
Nothing else to do but close my mind
I sure hope the road don't come to own me
There's so many dreams I've yet to find
But you're so far away
Doesn't anybody stay in one place anymore?
It would be so fine to see your face at my door
Doesn't help to know you're so far away

"Friends you meet along life's paths are
friends you'll have for life
For memories that we have and the
memories
yet to come will linger continuously on
I am glad we had this chance to become
the best of friends
To experience the closeness though we may
be far apart
Remember me my friend where ever you

THAT'S SHOW BIZ!..

Boston Whale Watching

Whale watching has become an event to which many lookfoward. The trip is well worth the minor discomforts; such as cramped, noisy vans, long hours of driving, and camping in below zero degree weather. On this trip, Grier students were fortunate enough to see six humpack whales- four adults and two calves- diving into the depths, gracefully presenting their flukes to the air. Also on this excursion, the girls visited Boston's famed aquarium and Quincy market. Overall, the Grier students and the accompanying faculty members enjoyed this trip to New England and more such journeys are planned for the near future to observe these 'gentle giants' of the deep.

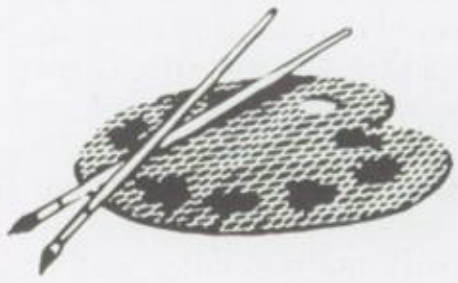

ART DAY

The Art Department sponsored two very special days during the fall and spring terms in celebration of the Visiual Art. Local artists demonstrated various art forms. The enthusiastic participation of the students made Art Day a great success.

SPRING CARNIVAL

A new tradition is formed at Grier this year in celebration of Mardi Gras. Highlights were Hippie Punk Day and Mardi Gras Day which was concluded with a Creole dinner.

CLOSING

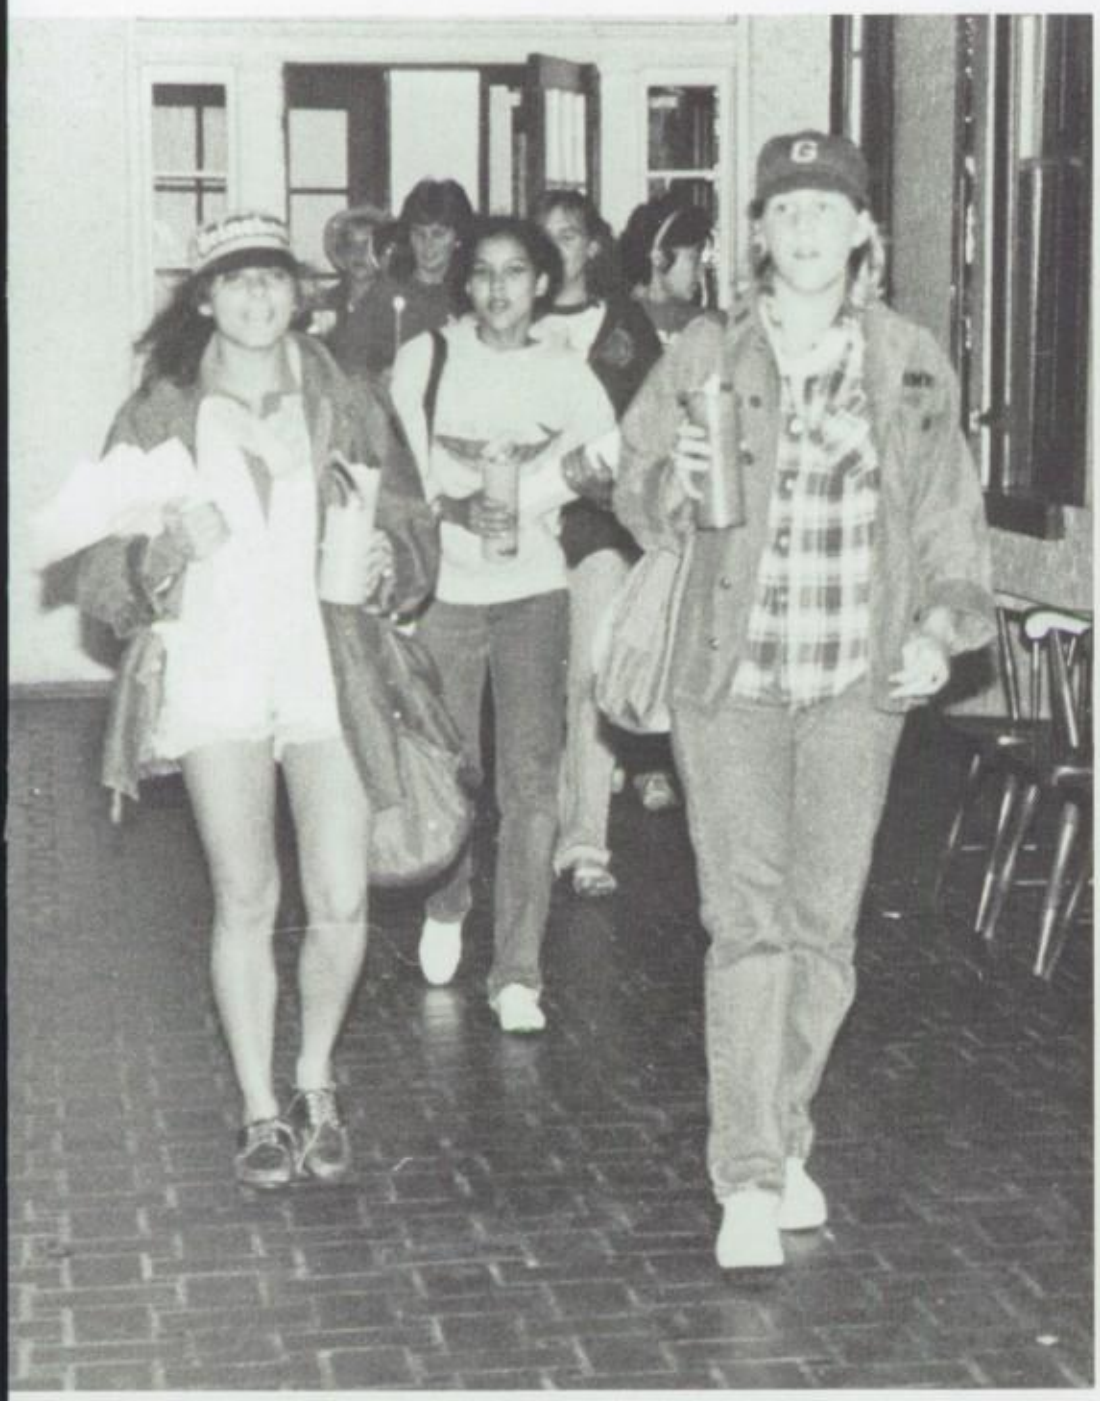

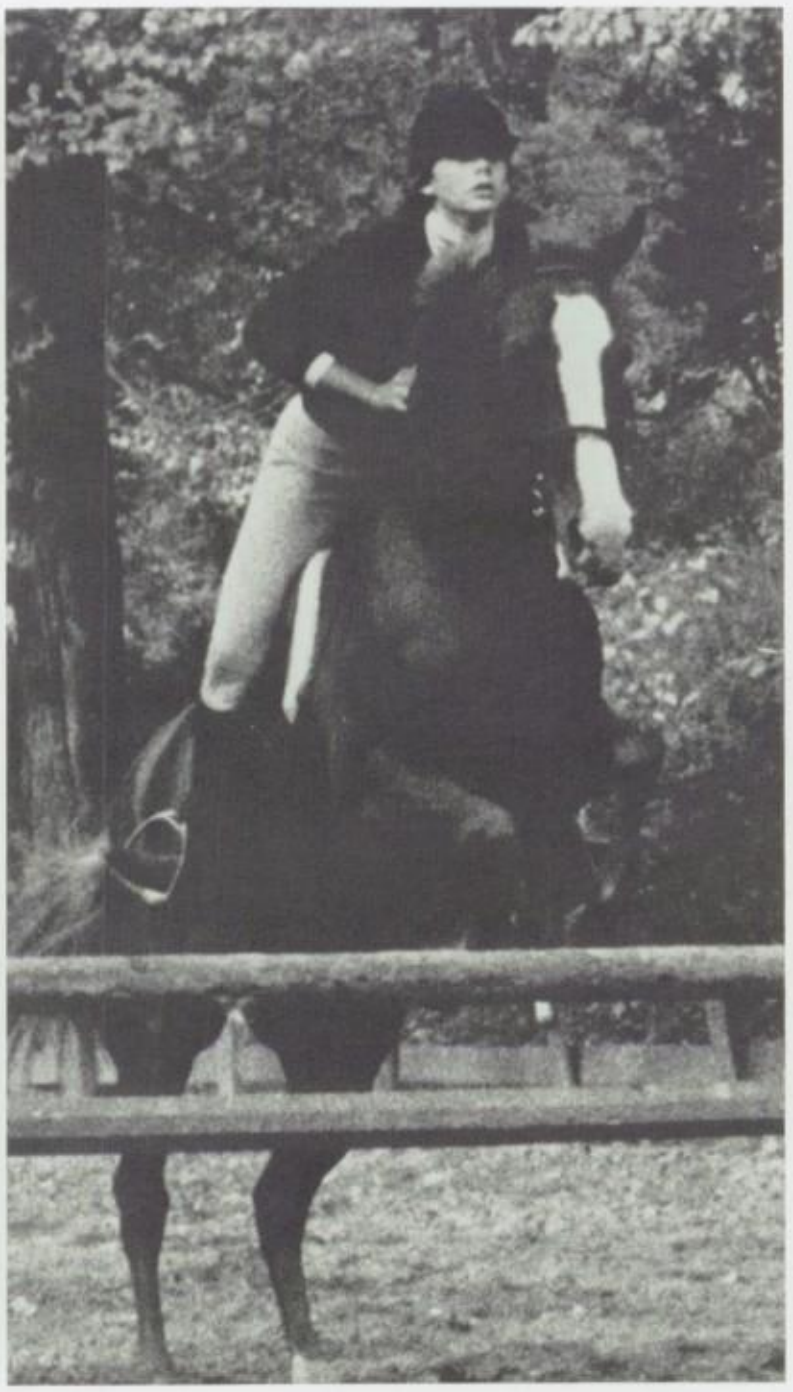

"Leaving Grier evermore"

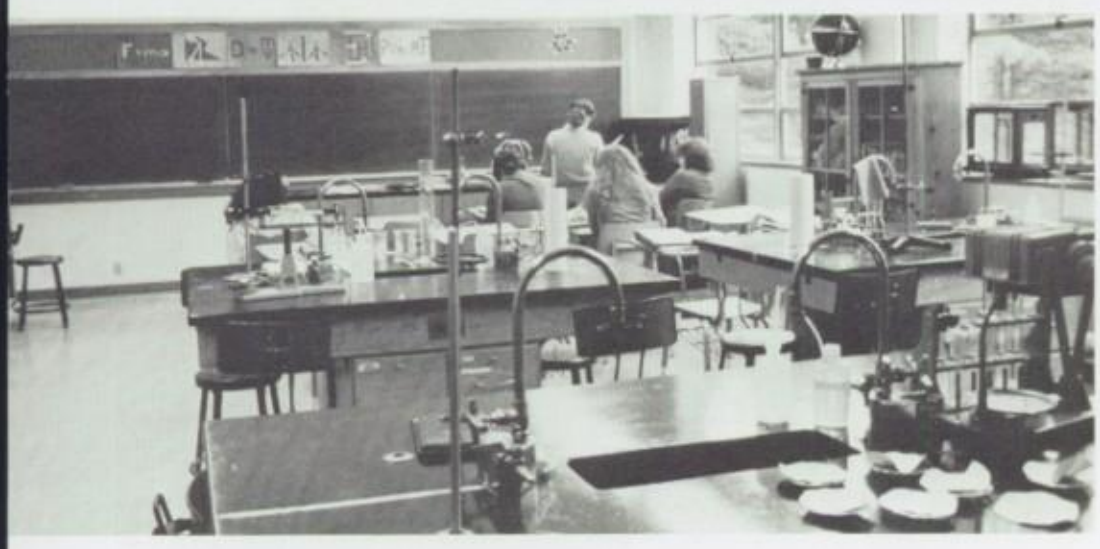

SAYING GOOD-BYE

We are always saying
"Good-bye, good-bye!"
In work, in playing,
In gloom in gaying:
At many a stage
Of pilgrimage
From youth to age
We say, "Good-bye,
Goodbye!"

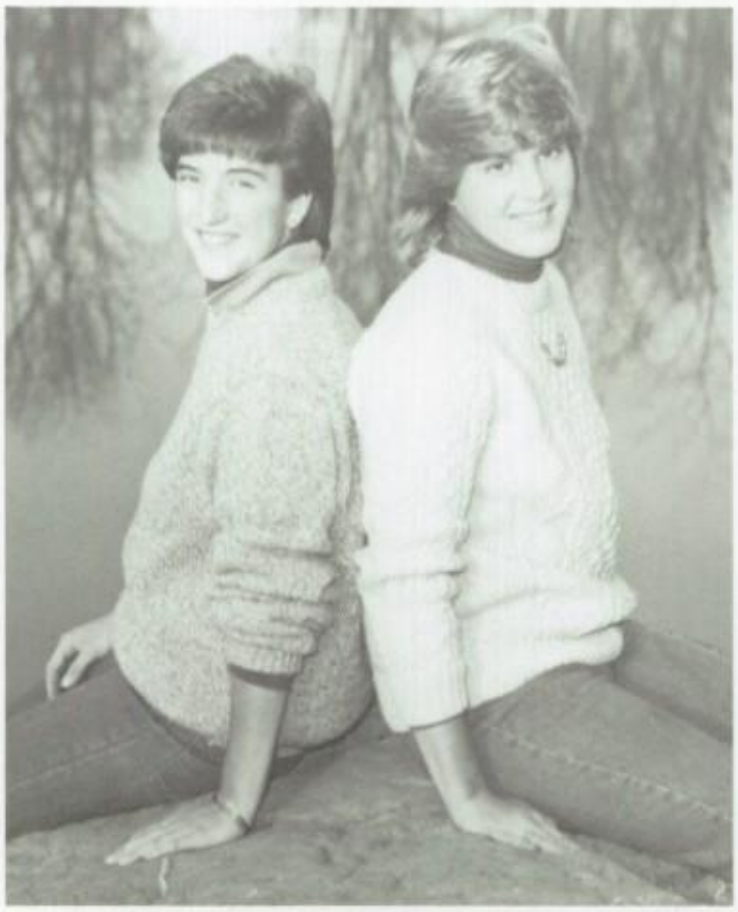

Our grief, our fear
No more to hear
From them, close, clear,
Again: "Good-bye,
Good-bye!"

The moment that we've been expecting for so long has finally arrived. The days at Grier have meant so much to us, an we know it's all over. We have to leave you, Grier School. We finally understand the meaning of all those years and laughter that we shared with you the best of teachers and friends. We have come to love this wonderful place.

Thank you Grier School for all the knowledge, but most of all, thanks for the love we found here.

Thank you for letting us be part of you, and for the way you became part of us.
